## **Alam Maritim Secures RM53m Petronas Contract**

KUALA LUMPUR: Alam Maritim Resources Bhd has bagged a RM53.50mil contract from Petronas Floating LNG 1 (L) Ltd for the floating liquefied natural gas (FLNG) offshore works.

It said on Wednesday the contract awarded by Petroliam Nasional Bhd's (Petronas) unit was for the final positioning and mooring system hook-up and commissioning of pipeline, pipeline ends terminal and riser for the Petronas Floating LNG-1 project.

Alam Maritim said the duration for the subcontract works was from June 15, 2015 until April 30, 2016.

"The subcontract is expected to contribute positively to the earnings and net tangible assets of Alam for FY ending Dec 31, 2015 and beyond," it said.
